ROUSING MEETING FOR LIBERTY BONDS

**Big Patriotic Gathering by
Citizens of Marion, Who
Are Behind the Boys
At the Front.**

Jasper, April 6.—A rousing meeting was held in the Assembly Hall of the High School Saturday in the interest of the Third Liberty Bond Loan. There was very great enthusiasm and subscriptions were generous. Three subscriptions of \$5,000 each were secured from G. Sherman, R. C. Aycock and the Dixie Portland Cement Co. A large number of \$1,000 subscriptions were also secured, among them being S. H. Alexander and T. S. Turner, of this place. Chas. Vann, of this place, also purchased Liberty Bonds to the amount of \$1500. The Haskew Lumber Co., S. T. Haskew, J. Michael and Milo Hamel, of So. Pittsburg, and J. R. Morgan, of Whitwell, subscribed to the the amount of \$1,000 each.

Those subscribing amounts from \$500 to \$100 were very numerous, and the total was something near \$40,000 in half an hour's time. The sum of \$13,000 had been previously pledged by South Pittsburg, making a total of nearly \$60,000 of the \$103,000 apportioned to Marion County.

The meeting was presided over by Hon. W. M. Cameron, of So. Pittsburg. Addresses were made by Hon. B. E. Tatum, of Chattanooga, who was introduced by Capt. J. G. Lankester, of this place, and H. Clay Evans, of Chattanooga, who was introduced by S. H. Alexander. Mr. Tatum's address was not lengthy. Mr. Evans address consumed over an hour, and he mentioned a great many things in his characteristic style. Songs by a number of pupils of the school accompanied by violin and piano, under direction of Mrs. Wood, filled in intermissions. "Keep the Camp Fires Burning," was especially good.

The auditorium was packed with people. The automobile parade developed some seventy-five machines, of which twenty-one came from Whitwell, and thirty or forty from So. Pittsburg. Many of the cars were decorated with the national colors. The car of W. L. Barber was the most elaborately decorated and led the Whitwell procession.

IMPROVED METHOD OF SIGHT-TESTING

J. W. Simpson & Son, druggists, Jasper, have recently installed a new system of eye-sight testing, which is excellent. You look thru an apparatus which contains a revolving disc fitted with lenses focused on a printed card. These lenses are given numbers, and when you turn till you can read the card clearly, then your number is given and you make selection of glasses from corresponding numbers in case attached. If your sight is troubling you let them test it with this new apparatus, and help you. Their prices are very reasonable and quality of goods excellent.

Dallas, Texas.

Special to the News.

Esteemed editor, I will try to gather a few words for the News. I hardly know just what to say that will be of interest. We had our off-year city election Tuesday of this week. Nothing of much interest was to be voted on, there were some amendments, a school board to elect, the amendments to the city charter.

All lost but one, that was to make it possible for the two telephone companies to consolidate and give us just one. As it is now we have to have two phones to be connected with all of the city, making it cost us \$4.00 a month to have the two 'phones, \$10.00 for the two business 'phones.

Now, after the consolidation, one is all we will have to have. This amendment carried by a good majority. The ladies' ticket for school board lost by several thousand votes.

It seems that the voters did not want to try the ladies out on as important a place as the schools. I had no better judgement than to vote the ladies' ticket. I feel like they are just as competent to handle the school affairs as the men are, and as most of our teachers are ladies, I think it is right to have two or three ladies on the Board. I believe in fair treatment, but a good big majority thought differently.

Thank you, Mrs. Brock, of Crisp, Texas, for the kind words you had to say for T. S. Bracken and I. We sure enjoyed our visit to your father's, Mr. M. D. Dame, and will be glad to come again. Give us another good letter from Crisp, we will always be glad to read it.

Everything is looking pretty well since the rain, mustard, lettuce and radishes are making their appearance on the market from the home gardens.

The big review that was to have been at Camp Bowie the 4th, was postponed until the 11th, next Thursday. It is talked around that they will be sent on at once to France. No one knows just what the intention is, but from the demand it gives room for such talk as they are needed there and can do no good here, and if they have to go I suppose one time is as good as another, and they all seem to want to go, and as we are expecting them to have to go at any time we can give them up as well one time as another. Hope it will soon be over and peace be declared world wide but it looks like that is a long ways off yet.

Miss "Peggie" of Ringgold, Ga., I was glad to see a good letter in the News from you. I have to write my little piece, before I get the News for the current week so I cannot mention anything I see until next week. Yes, it is possible for us to form acquaintance thru the News. I think it nice that we should all try to be more social and acquainted.

No one ever had too many friends in this world. Thanks for your kind words. Have learned to look for your letters in each paper and am disappointed when I fail to find it, so please write every week if possible.

We had a good rain Friday 6th, the best rain we have had for a year. This rain ensures us some wheat, helps corn and puts a good season in the ground for cotton planting, so everything looks good in Texas for a good crop, and prosperous year.

Hoover has made another ruling to the effect that bakeries must stop making bread, pies and cakes and

hotels, restaurants and boarding houses are not allowed to serve them. Guess we will have to live on oats, bran and hay. Lone Star.
